THIS IS UNEVALUATED INFORMATION

25X1

1. The Ministry of Industry is divided into three general Directorates; these are: the General Directorate of Mechanical Industry, the General Directorate of Electrical Industry, and the General Directorate of the Food Industry.
2. The directors of the Ministry of Industry are the Minister and three assistant Ministers (or Vice Ministers); under them are the chiefs of the above mentioned directorates.
3. The Minister of Industry is Adil Carcani, a Moslem from southern Albania, about thirty years old. He is a member of the Central Committee of the Albanian Workers' Party, and became Minister either in March or April of 1951. He had previously been the private secretary of Enver Hoxha. He is a strong adherent of the current Communist policies of his government. Before his nomination to the present position, he was unknown in political circles, and his activities in the Central Committee of the Party were little known. He speaks Italian. One of the Assistant Ministers is known only as Xhafer. The names of the other two Assistant Ministers are not known.
4. The Director of the General Directorate of Mechanical Industry is Medi Axhemi, a native of Vlone, 33 or 34 years old. His education has been slightly more than elementary school; he speaks Italian.

25X1

Axhemi worked as a lathe operator in the AGIP of Kucove until 1940, when he left to become a partisan. Upon his return, he became director of the machine shop of Dures, and by the end of 1948, became manager of machine shops in Albania. In the spring of 1949, he became manager of the "Enver Hoxha Works" of Tirana. In the spring of 1950, he was discharged because of the bad functioning of the plant and also on account

5. The Director of the Directorate of Electrical Industry until 20 January or 20 February 1951 was engineer Xhepa (first name unknown). [redacted]

25X1

1. [redacted] Comment: It appears that the position of manager of all the Albanian machine shops is inferior to that of manager of the Enver Hoxha Works, probably due to the small number and size of the shops.
